Dear Sir/Madam:

Applicant hereby responds to the Restriction Requirement mailed July 9, 2004 in relation to the above-identified patent application. In that Restriction Requirement, the Examiner requested Restriction Under 35 U.S.C. §121 to either Claims 1-21 drawn to a package for an integrated circuit die, or Claims 22-36 drawn to a method of making a package for an integrated circuit die.

Further to the communications between Applicant's representative and the Examiner regarding the Restriction Requirement, it appears that the same has been rendered in error since Claims 1-36 were cancelled via Applicant's Preliminary Amendment filed July 24, 2003 with the subject continuation patent application. In the July 24, 2003 Preliminary Amendment, new Claims 37-55 were added into prosecution to replace the cancelled Claims 1-36. New Claims 37-55 are all directed to a package for an integrated circuit die. For the Examiner's convenience, submitted herewith is a copy of the July 24, 2003 Preliminary Amendment, along with a copy of the Return Postcard from the U.S. Patent and Trademark Office evidencing the filing of the same.

Application No.: 10/626,150  
Attorney Docket: AMKOR-007C2

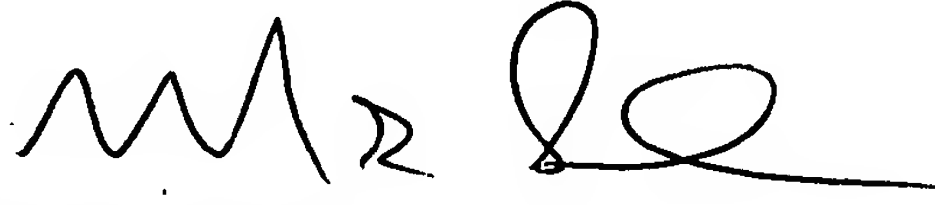

Based on the foregoing, Applicant respectfully requests that the present Restriction Requirement be withdrawn in favor of a new Office Action directed to Claims 37-55 as presented in the July 24, 2003 Amendment.

If any additional fee is required, please charge Deposit Account Number 19-4330.

Respectfully submitted,

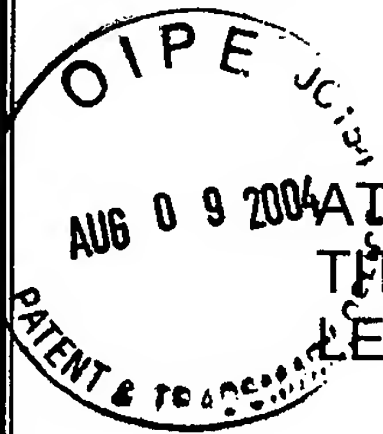

Date: 8/6/04
